

Dear Homeowners,

Please be advised, the Board (Leslie, Norbert, and I) conducted interviews last week for a new Building and Grounds Maintenance Technician.

After careful consideration, we have decided to hire Richard (Rick) Heiss. Rick has many years of experience in the areas we need from a maintenance technician. Since he is also a fellow homeowner, he has a vested interest in our property and is committed to bringing it up to the high standards we all deserve. Rick will begin on Monday, August 24, 2026.

Please join us in giving him a warm welcome.

Best regards,
Jennifer Noland
VOG II - President
