

TO ALL VILLAGE ON THE GREEN RESIDENTS

September 4, 2020

A decision has been made to not publish the October 2020 edition of the monthly newsletter. This decision was made based on the fact that the Clubhouse remains closed to all scheduled activities and social events. Only the dates and times of the monthly association meetings would have been published, and those can be handled within the various associations.

The decision on whether to publish the newsletter in future months will be driven by state and local mandates and CDC guidelines.

Please remember that the pool is open for **RESIDENTS ONLY**. No guests are allowed, and this includes both adults and children. Thank you for your cooperation.

John Stover, President
Recreation Association
Board of Directors
